

# ISO Certification - Delivering Value To Our Customers

FieldTurf continues to raise the bar when it comes to quality. FieldTurf's manufacturing plant in Calhoun, GA recently became triple ISO certified, having received ISO 9001, ISO 14001 and OHSAS 18001 certifications in 2010.

## What does FieldTurf's ISO certification mean for you?

ISO 9001:2008  
FM 561206

ISO 14001:2004  
EMS 561207

BS OHSAS 18001:2007  
OHS 561208

**The ISO 9001** certification means that FieldTurf has demonstrated its ability to consistently provide product that meets and exceeds customer requirements and aims to enhance customer satisfaction through the effective application of an internal quality system. This includes processes for continual improvement of the system and the assurance of conformity to customer's requirements.

**Translation,** FieldTurf's quality management system ensures the highest quality turf systems in the industry for our customers.

**The ISO 14001** certification means that FieldTurf has established, implemented, maintained, and improved an environmental management system. This ISO certification applies to environmental aspects that FieldTurf identifies as those which it can control and those which it can influence.

**Translation,** FieldTurf's products are produced with the highest of environmental standards, making it the greenest and most environmentally-focused company in the industry.

**The OHSAS 18001** certification means that FieldTurf meets and exceeds specific requirements for an occupational health and safety (OH&S) management system, and controls its OH&S risks to improve performance and minimize risks. FieldTurf implements, maintains and continually improves its OH&S management system.

**Translation,** the FieldTurf manufacturing plant is employee friendly and ensures that our workers are the safest which, in turn, leads to increased efficiency and attention to detail.

FieldTurf's Calhoun facility represents the only artificial turf manufacturing operation in North America to have received ISO certification.

With carefully engineered products and the positive endorsement of thousands of athletes, coaches, and athletic administrators worldwide, FieldTurf has brought "single source responsibility" and quality to the forefront with its manufacturing plant and quality control procedures. This has paved the road towards true innovation and customer service. During the FieldTurf manufacturing process, nothing is left to third parties and nothing is left to chance.
